SUMMARY

Holder of a Master degree in computer science, I have acquired a strong expertise in management and computer security. Passionate about technology, I worked for one year as a cybersecurity specialist, where I gained valuable skills in protecting computer systems. I am constantly looking for new challenges and I am motivated to apply my skills to an ambitious and dynamic company.

SOFT SKILLS

- Autonomous
- Eager to learn
- Organised, sense of priorities
- Enjoys working in a team
- Motivated
- Positive attitude

SKILLS

- **Knowledge of web security concepts** such as cryptography, secure coding practices, and vulnerability management.
- **IT security events monitoring** (incidents, user requests, group requests, etc.).
- **File and folder security** expertise
- **Cybersecurity threats and vulnerabilities monitoring**.
- Security incident **investigation** and **remediation** planning.
- Ability to perform **security audits**, **penetration testing**, and **risk assessments** to identify and mitigate potential security threats.

LANGUAGES

- French - Native
- English - Fluent (TOEIC 940)
- German - Beginner
- Japanese - Daily Conversation

WORK EXPERIENCES

2021 - 2022

Security Officer

GxpManager

Work on several projects related to the IT security of the GxpManager information system as part of an ISO 27001 certification project :

- Awareness of cyber threats
- Internal phishing campaign
- Updating the ISMS
- Update of the IT charter
- Update of the password policy
- Penetration testing and remediation plan
- Risk analysis (EBIOS RM)
- Conceptualization and implementation of a new physical and logical network architecture, in accordance with ISO 27001 certification requirements, including user rights revision and datacenter optimization to enhance network security and compliance.

(referent Isabelle GROS)

2018 - 2020

Web Designer / Developer

ACOSS Nancy

Development on several projects and first experience as a Project Manager (referent Frédéric SANS)

Technologies used:
o Back-End: Java 7 / Java 8, PostgreSQL, Shell, Maven, Spring, REST / SOAP Architecture,
o Front-End: Javascript, AngularJS, HTML, CSS
o Client: Eclipse RCP

Database migration (Shell script creation, Unit tests and Optimization)

- Corrective maintenance: management of anomalies:
o Analysis of the various bugs in the application, proposal for corrective measures

- End-of-study mission as Project manager : "Test automatisation"
o Analysis of test cases
o Establishment of a schedule of implementation
o Test case design and implementation for automation
o Test result analysis and reporting for automated tests

04/2018 - 09/2018

Web Developer

Stratégies et Perspectives d'Avenir

Redesign of the website and implementation of the Cercle SPA broker application (referent Alain GAZONI)

- Technologies used:
o Back-End: OVH hosting with allocated database (MySQL), PHP (Joomla)
o Front-End: Joomla

04/2017 - 07/2017

Web & mobile developer

Les Bobines de l'EST

Creation of a website and a mobile application for the project "Les Bobines de l'EST" led by LORIA (referent Stéphane GORIA)

- Technologies used:
o Back-End: OVH hosting with allocated database (MySQL)
o Front-End: HTML, CSS, JS, Cordova

HOBBIES

- Music : Guitar, Computer Music
- Sport : Basketball, Volleyball
- Others : Hacking gadgets, Chess, CTF

EDUCATION

2021 - 2022 **IT Security Operational Manager / Cybersecurity Expert**
IT AKADEMY
Diploma obtained - 69003 Lyon (FRANCE)

2018 - 2020 **Master Computer Science Applied to Business Management**
Institut des sciences du Digital Management et Cognition
Diploma obtained - 54000 Nancy (FRANCE)

2017 - 2018 **Bachelor's degree of Science in Computer Science**
UFR Mathématiques et Informatique
Diploma obtained - 54000 Nancy (FRANCE)

2015 - 2017 **Two-year university degree in technology**
IUT Nancy Charlemagne
Diploma obtained - 54000 Nancy (FRANCE)
